I'm sometimes asked if Kazeue was modeled after Nagayo Ken of TOKIO. That was never my intention. However, the characters of Can(Moz) and Green(Lu) were based off of the Kinjiki Kids. No one has ever pointed that out though.

Calan doesn't

We can't just overlook it this quickly!

Maybe they won't accomplish anything with careful planning as

Maybe they're forced to do anything they want

But
there's

Everyone

Shanghai, July 1999 vol ③ END.

Good afternoon. I'm Jotaro Miawberry. I hope I usually
write the afternoon as a message, but, please forgive me for
writing in lowercase this time (It mostly slipped my mind
and I ran out of time.) I apologize to anyone who just
looking forward to reading it. Well then, it finally feels like
the story titled "Daughter" is beginning to unfold. Thank
you for staying with me so long. The letters that I've
received have all asked asking about Kaitani and Zappa
but lately, the story has been about Kaitani & Kaitani, or
Kaitani(?) (Characters that you either love or hate. With
people like that around, the story really seems to a slower
Daughter.) I'm you hate Hoshikishi(Kaitani?) remembering?
Please don't! It's just of a rare friend - a very frank
person. - Daughter.) On other people, around...? Knowing
that people can love and hate my characters inspires me to
write even more effectively. I'm thrilled to receive so many
letters full of anticipation. I'll continue to do my

best. so please keep reading

That's all then
